## ABOUT IOWA

The University of Iowa is a top public research university located on a 2,100-acre campus in Iowa City, Iowa. More than 30,000 students enroll at Iowa each year, of which 19% are first-generation students. International students from over 100 countries make up 5% of the University's enrollment.

Established in 1847, the University of Iowa has earned international recognition for its wealth of achievements in the arts, sciences, and humanities. It was the first U.S. public university to admit men and women on an equal basis and the first institution of higher education in the nation to accept creative work in theater, writing, music, and art as theses for advanced degrees. It established the first law school and the first educational radio station west of the Mississippi, broadcasted the world's first educational television programs, and has developed prominent educational testing.

## WELCOME TO THE UNIVERSITY OF IOWA!

We are honored to have you as members of the Hawkeye family. Whether you are sending your first, middle, last, or only child to Iowa, you and your student are embarking on a journey that is sure to bring you discovery, as well as joy, and maybe a little stress. I am a parent of a college student, so I truly know what you're experiencing. It's natural to have questions or concerns as your student comes to campus. Please encourage your student to connect with all the support services that are here to help. Iowa is a special place – big enough for endless opportunities, but small enough that every student will have multiple caring faculty and staff members who know them.

The Division of Student Life will be one of your partners during your student's time at Iowa. We are here to support the student experience holistically, and you can learn more about what we offer in the following pages. We help students find places they belong, people who will be

on their team, passions to explore within and beyond their major, and paths to success as a Hawkeye. Most importantly, our job is to believe in your student: in their talents, their contributions, their well-being, and their success.

The family calendar is designed specifically for you. It includes dates, deadlines, contact information, and tips that will help make your student's time at Iowa as successful and fulfilling as possible. When my oldest, Evan, started in 2019, I found the calendar helpful, cueing me to check in with him on key dates, such as getting ready for registration, or supporting him as he made his way in his residence hall community.

My staff and I are here to serve all Hawkeye students and families, and we are thrilled you chose the University of Iowa. You made a great decision!

## ROOMMATE CONFLICTS AND RESOURCES FROM RESIDENCE EDUCATION

The Residence Education Staff assists students with their transition to college and makes every effort to enhance their residence hall living experience. Through the Residence Education Model, your student will be introduced to a variety of campus and community resources, and can choose to participate in a variety of events and activities planned by Resident Assistants, the Residence Hall Activities Board, and the Hall Association.

While the process of living with roommates can be stressful for even the most easygoing student, the overwhelming majority live together well and form positive relationships. A common concern for students living in the residence halls is: "Will I get along with my roommate?"

**Here are some tips for you to share with your student in order to make their roommate experience a positive one:**

- Communication is key!
- Be open to new perspectives and ideas.
- You have a resident assistant for a reason; talk to them!
- Consider what you need for the room to be harmonious and then advocate for yourself when talking with your roommate. Consider compromising to allow you and your roommate(s) to have a great experience.

All students are required to complete a roommate agreement with their RA during the first few weeks of the semester. For more information, go to [housing.uiowa.edu/roommates](https://housing.uiowa.edu/roommates).

## REGISTRATION FOR SPRING CLASSES

Academic advisors work with students to provide transition support, course planning, and academic resources. To register for spring classes, students must meet with, and have their schedule approved by, their academic advisor before their registration date. Registration will be impeded if students have:

- An overdue U-Bill
- Not submitted their final academic transcripts to the Office of Admissions

## ACADEMIC SUCCESS

By November, students will have settled into their academic routine, taken midterm exams, and completed challenging academic work. If they aren't happy with their progress, it's not too late to try new academic strategies and resources. University instructors hold drop-in hours as an opportunity for students to ask questions about course material and assignments. Students can utilize a variety of academic assistance, including tutoring, Supplemental Instruction (SI), help labs, and many library services.

Learn more at [tutor.uiowa.edu](https://tutor.uiowa.edu).

During November, students will continue their conversations with their academic advisors about their plan of study and the resources available to help them succeed. They should expect to discuss their final course choices for spring at their registration appointment in November or early December. Most first-year students are advised in the Academic Advising Center (AAC); students admitted directly to the College of Business, Education, Engineering, Public Health, Nursing, or Pharmacy have an advisor within their college. Academic Advising Center information can be found at [advisingcenter.uiowa.edu](https://advisingcenter.uiowa.edu).

## Early Registration

All current students register for the next semester during Early Registration. Early Registration runs from **November 10 – December 5**.

## Questions to ask your student:

- ➔ Have you utilized academic resources such as Supplemental Instruction, Tutor Iowa, or drop-in hours?
- ➔ How have your interests changed this semester?
- ➔ What classes are you taking in the spring semester?

## Did You Know?

## HAVE A GOOD BREAK

Winter break is an important time in the evolving relationship between you and your student. This is likely the first time they will be home with you for an extended period of time since starting classes. Remember that it is important for them to have their independence, but they may still need you for many things. **Communication is key!** Discuss rules for their stay at home. Honest inquiries and open conversations about your student's experiences form the basis of a positive relationship between you and your student.

## CAREER PREPARATION

One of the most important facets of your student's journey is the need to start preparing for their future career.

**The Pomerantz Career Center assists students with career exploration and professional development.**

How can you help your student meet their career goals?

- Encourage an appointment with a career coach who will be knowledgeable about various career fields, industries, companies, and occupations.
- If your student is an open major, recommend taking a career assessment.
- Suggest joining a student organization or volunteering in the community so your student can gain new skills and build their résumé. Plus, employers like to see campus and community involvement!

For more information, visit [careers.uiowa.edu](https://careers.uiowa.edu).

## Questions to ask your student:

- How is studying for finals going?
- How are you taking care of yourself?

We are eager to assist students as they begin contemplating, "What work environments and job duties interest me?" and "What experiences do I need to develop my skill set?". Our career communities allow for a tailored approach for advising students based on their career interests. We encourage students to visit us early and often to discuss plans and next steps!

Getting involved matters. Students who participate in campus life are more likely to be successful, earn higher GPAs, and are more likely to graduate. There are a variety of opportunities for students living on and off-campus to get involved, including student organizations, student employment, research, and service learning.

Find out more by visiting [leadandengage.uiowa.edu](https://leadandengage.uiowa.edu).

## STUDENT LEGAL SERVICES

Student Legal Services (SLS) provides free, confidential legal advice and representation to enrolled students. Staffed by licensed attorneys, SLS helps students in areas such as tenants' rights, criminal defense, name changes, consumer rights, criminal record expungements, and contract review.

Located on the ground floor of the Iowa Memorial Union, SLS can be the first stop for any legal issue. To schedule an appointment with one of SLS's licensed attorneys, students can visit the website [studentlegal.uiowa.edu](https://studentlegal.uiowa.edu), call **319-335-3276**, or email [student-legal@uiowa.edu](mailto:student-legal@uiowa.edu).

## OFF-CAMPUS HOUSING

If your student is considering living off-campus, there are several offices and resources available to assist you and your student. Many students are in the process of signing a lease for fall 2026 before or by January. The Off-Campus Housing website is a great place to start. There, you can find apartments, houses, condos, and rooms for rent in Iowa City and the surrounding areas. This site also provides helpful information for understanding leases and being a responsible renter.

## Did You Know?

The Writing Center is a free resource for all students seeking feedback and assistance on their writing projects. Students can submit a draft or schedule an appointment at [writingcenter.uiowa.edu](http://writingcenter.uiowa.edu).

## PARKING AND TRANSPORTATION

The University of Iowa has multiple resources to help your student get around campus – including public transit, bicycling, and parking. The most notable of these is the **UI CAMBUS** system. CAMBUS is a fixed-route bus system providing service to the entire campus. Bus stops are located conveniently and provide frequent service to the residence halls. CAMBUS rides are free and available to everyone. The Bionic Bus, operated by CAMBUS, is a specialized service for persons with disabilities.

Riders can download the mobile app **Transit** to track bus locations in real-time, see departure predictions, and receive guided navigation. To receive service alerts like detours, riders should favorite the routes they ride. Bus fares in Iowa City are free and students can participate in the UPASS program to purchase discounted bus fares for Coralville transit services.

Miles of sidewalks, pedestrian paths, and bridges provide scenic routes to travel around campus. There are also many bicycle amenities in the local communities, including repair stations, dedicated bike lanes, and trail systems. Students should register their bicycle through **Bike Index** to help identify a bicycle if it is lost or stolen.

For trips home during break periods, a ride-matching service called **UI Rideshare** is offered to help students connect with other students traveling the same direction.

Parking on campus is limited and provided by a mix of hourly and permit parking. In general, it is recommended students do not bring a vehicle to campus. Students who bring motorcycles or mopeds to campus must obtain a permit to park in motorcycle parking lots on campus. Students are required by the Board of Regents to register any motor vehicle they bring to campus. Registering a vehicle is completed online through the Parking Portal at [parking.uiowa.edu](http://parking.uiowa.edu).

More information about Parking and Transportation services can be found at [transportation.uiowa.edu](http://transportation.uiowa.edu).

## STUDY ABROAD

The opportunity to study abroad and encounter another culture directly is one of the richest educational experiences available. The University of Iowa encourages your student to study or intern abroad and sponsors more than 200 programs in the Americas, Europe, Asia, Africa, and Oceania.

Whether studying or interning abroad, students develop decision-making, problem-solving, intercultural communication, and other marketable skills which give them an advantage in the global economy after graduation.

While abroad your student will stay on track for graduation by satisfying requirements for their major, minor, certificate, and/or the General Education: CLAS Core.

The cost of study abroad programs is dependent on several factors, including the program structure, program length, and local cost of living, as well as whether a student pays in-state or out-of-state tuition. In most cases, institutional aid and federal financial aid can be used toward study abroad, making study abroad affordable for all students. In addition, the Study Abroad Office awards approximately \$500,000 a year in scholarships and grants.

International opportunities are available throughout the year. Programs are offered in the summer, winter, fall, and spring semester, and for the academic year. Where, when, and how long your student studies abroad depends on their academic, professional, and personal goals.

Encourage your student to attend a Discover Study Abroad information session to learn how study abroad works and to find the right international opportunity for them. It is never too early to start planning.

While your student navigates their journey at the University of Iowa, it is vital that you talk with them about their academics and co-curricular activities so that they may make the most of their educational experiences.

It is important that your student is given the knowledge and tools necessary to make informed decisions. Spring Break is the perfect time to have a conversation with your student about safe choices regarding drugs and alcohol.

### Questions to ask your student:

- How are your classes going?
- How are you managing your time during midterms?

“We know students may experience challenges during their college career that impact their ability to fully participate academically and socially on campus. The Dean of Students team coordinates efforts with our campus partners to assist students in overcoming these challenges to get back on track to achieve success at Iowa.”

**ANGIE REAMS, PHD**

## ALCOHOL AT IOWA

High-risk alcohol use is a concern on campuses across the country. At the University of Iowa, this issue is addressed through a variety of harm reduction strategies, including protective environmental approaches, the Collegiate Recovery Program, and education, prevention, and early intervention strategies. Through these efforts, students are drinking less and experiencing fewer harms than ever before, but there is still work to do. Families play a vital role – our online parent handbook provides research-proven recommendations for conversations to help keep your student safe and healthy at college.

**Time flies when you're having fun! Your student has completed their first academic year at the University of Iowa!**

If your student is living in the residence halls, University Housing and Dining requires them to check out of the residence halls within 24 hours of their last final exam or by noon on **Saturday, May 16**, whichever is earlier. You've made it through your first year as a proud member of the Hawkeye family!

## CELEBRATING A SUCCESSFUL YEAR

You and your student have completed your first year as members of the Hawkeye family. Take time to celebrate, show your Hawkeye spirit, and continue the proud tradition of the University of Iowa. **On Iowa and Go Hawks!**

*The word is "Fight! Fight! Fight! for IOWA,"*

*Let every loyal Iowan sing;*

*The word is "Fight! Fight! Fight! for IOWA,"*

*Until the walls and rafters ring (Go Hawks!)*

*Come on and cheer, cheer, cheer, for IOWA*

*Come on and cheer until you hear the final gun.*

*The word is "Fight! Fight! Fight! for IOWA,"*

*Until the game is won.*

Written by Meredith Willson

Herky the Hawkeye, Iowa's official mascot, was created in 1948 as the symbol of Hawkeye athletics. Drawing his name as a shortened version of the Greek strong-man Hercules, Herky's first mascot appearance occurred in 1959 at a football game. Today, he remains a staple of Iowa Hawkeye pride.

## Questions to ask your student:

- ➔ Finals are right around the corner, what are you doing to prepare?
- ➔ What is the plan for move-out?

# ACADEMICS

## Earning a Degree at Iowa

Your student will be working toward a degree consisting of three components: general education coursework, major coursework, and elective coursework. General education coursework is designed to provide your student with the skills needed for a lifetime of learning and for a first career. Your student will learn how to pose questions, find answers, evaluate attitudes and beliefs, and adapt to change. Major coursework exposes students to the academic field of their choice, focusing on in-depth study of complex problems, issues, and ideas. Work in the major encourages students to form academic ties with both instructors and peers while acquiring in-depth knowledge. Elective coursework rounds out a student's degree program. Each of these three required components allows significant choice for students, encouraging them to follow their passions and interests.

## Minors and Certificate Programs

Students who seek additional opportunities may choose to complete a minor or certificate as well as their bachelor's degree program. Students can earn a minor or certificate in any area that offers one, even in another college within the University.

## Semester Hours

A semester hour (s.h.) is a unit of measurement. Each course is worth a certain number of semester hours of credit. This number is based on hours spent in class and the two hours of homework that is expected for each class meeting. Semester hours for each course are added to determine a student's classification:

**First-Year:** 0-29 s.h. earned

**Sophomore:** 30-59 s.h. earned

**Junior:** 60-89 s.h. earned

**Senior:** 90 + s.h. earned

## Degree Audit

Each student has an individual degree audit, located in MyUI ([MyUI.uiowa.edu](https://myui.uiowa.edu)). The degree audit helps your student to monitor progress toward graduation by comparing the coursework completed, to the courses required for their degree. The degree audit also tracks a student's GPA.

## Academic Policies

Find information regarding each of the following topics on the website of the Office of the Registrar ([registrar.uiowa.edu](https://registrar.uiowa.edu)).

- Academic policies of specific undergraduate colleges (links are in the MyUI Student Handbook)
- Graduation information
- Policy on human rights
- Policy governing undergraduate and professional students enrolled in courses outside their own college or degree program

- Registration information
- Release of student records
- Significant deadlines
- Student complaints concerning faculty actions
- Tuition information: tuition assessment, resident classification for tuition purposes
- University terminology

## Grade Reports

Grades are reported on MyUI about a week after the end of exam week. Students are able to view grades at [MyUI.uiowa.edu](https://myui.uiowa.edu).

## Final Examinations

Dates and times of all final examinations are announced around the fifth week of classes. Your student will receive this exam schedule from the Registrar through email at their [uiowa.edu](https://uiowa.edu) address. Your student should consult this schedule before making any travel plans. Students are not excused from exams for family holiday plans or events.

**Remind your student to check their [uiowa.edu](https://uiowa.edu) email address frequently for important news and reminders.**

## Academic Recognition

### **University of Iowa Honors Program**

Students can apply to join the Honors Program as either entering or current students. Honors students engage with a community of peers, staff, and faculty through an array of honors classes and experiential options including research, study abroad, and internships. Honors-only classes feature an enriched classroom environment and hands-on experiences with honors peers. Honors builds community through programming and supports students with scholarship opportunities and skill-building resources. Optional honors housing enables members to connect across colleges and majors. The University Honors curriculum encourages engagement in high impact practices, supported by access to faculty, professional staff, and peer mentors. Achievement is recognized at graduation with University Honors designated on transcript and diploma.

### **Dean's and President's Lists**

The Dean's List recognizes undergraduate students who achieve a GPA of 3.50 or above on 12 s.h. or more of graded work and who have no hours of I (incomplete) or O (no report) for that semester.

The President's List recognizes undergraduates who achieve a GPA of 4.00 for 12 s.h. or more of graded work and who have no hours of I (incomplete) or O (no report) for two consecutive semesters (excluding summer sessions).

## **FINANCIAL**

### **University Bill (U-Bill)**

Student U-Bills are created on the first business day of each month and are available online through MyUI. The first bill for the fall semester will be ready in August and the first bill for the spring semester will be ready in January. Students receive an email to their UIowa email account at the beginning of each month, notifying them that their U-Bill is available to review online. Students may choose to invite a guest or parent to have access to their student information. This allows guests and parents to view and pay the U-Bill each month.

Payment for the U-Bill is due on or around the 22<sup>nd</sup> of each month. There are two payment options:

- **Payment of Total Balance Due**
- **Deferred Payment Plan:** Tuition and contracted Housing and Dining charges can be deferred and paid over the first three months of fall and spring semesters. By paying the minimum payment due listed on the monthly U-Bill, students are automatically enrolled in the Deferred Payment Plan. Students that choose to take advantage of the Deferred Payment Plan will be charged a fee each semester. For more information on the Deferred Payment Plan and Deferred Payment Fee please visit the University Billing website at: [ubill.fo.uiowa.edu/service-charges](http://ubill.fo.uiowa.edu/service-charges)

If a payment of at least the minimum payment due is not received by the monthly due date, the account may be charged a late payment fee. For more information on the Late Payment Fee please visit the University Billing website at: [ubill.fo.uiowa.edu/payment-options](http://ubill.fo.uiowa.edu/payment-options)

U-Bill payment methods include:

- **Online** - through MyUI using a checking or savings account
- **Mail** - checks can be mailed to the payment processing center, using the address listed on the U-Bill payment stub
- **Credit Card** - a non-refundable service

fee is assessed for all credit and debit card transactions. For more information on credit card service fees please visit the University Billing website at: [ubill.fo.uiowa.edu/can-my-university-bill-be-paid-credit-card](http://ubill.fo.uiowa.edu/can-my-university-bill-be-paid-credit-card)

Tuition and fees information can be found at: [registrar.uiowa.edu](http://registrar.uiowa.edu)

### **University Records and Documents Fee**

All new students enrolled at the University of Iowa will be assessed a single "University Records and Documents Fee". The non-refundable fee combines existing fees into one package to facilitate assessment, student service, and satisfaction.
